COPY FOR THE GENERAL PUBLIC****GO# 2017-518867 ARREST-DETECTIVE****110A-2 SEXUAL BATTERY-FORCIBLE RAPE**

At approximately 0400 hrs, operational personnel proceeded to 112 12th Street N, Tampa, FL (Skyhouse Channelside Apartments). Once there, A/Sgt Hughes and I met with the front desk concierge, who confirmed that Robert Woods resided in Unit #1810, however, he did not have knowledge if Woods was present in the apartment. I informed the concierge that we were effecting a search warrant and needed to gain access to the residence. We were provided with a key to 112 12th Street N, [REDACTED] Tampa, FL.

Units proceeded to Unit [REDACTED] and after knocking and announcing "Tampa Police Department, search warrant, open the door" (twice), there was no answer at the door. The room key was utilized and entry was made, at which time I once again announced, "Tampa Police search warrant, come out with your hands up". I got no response and proceeded to advance through the apartment till I reached a closed door that, I presumed to be the bedroom in the apartment.

I grabbed the door handle and began to open the door when I observed Woods behind the door attempting to close the door. The bedroom was dark, however, I could see a second person on the bed with a blanket around them. I then pushed the door open and was able to order Woods out of his bedroom. Assisting personnel took custody of Woods while I made contact with the second subject in the room, who was Woods girlfriend, who was identified as [REDACTED]

Once the apartment was cleared and Woods and [REDACTED] were seated in the living room area, I read the search warrant aloud. I then provided a copy of the search warrant to Woods and placed it on the kitchen counter.

Woods began asking questions regarding why TPD was there and what was going on. I advised Woods that before I discussed any of the facts I would need to read him his Miranda Rights. I then read Woods his Miranda rights using SAO 07 card. I asked Woods if he remembered the girl he met on Tinder on or about October 4, 2017. Woods looked at [REDACTED] and then looked back at me and shook his head yes. Woods, clearly embarrassed, asked if he could speak with me outside of the apartment, to which I agreed. I instructed units to escort Woods to the foyer outside of his apartment so that I could speak with him.

It should be noted that no search was conducted yet so that TPD Crime Scene could take photographs of the apartment.

I met with Woods and he stated that he was scared. I informed Woods that I needed to get his side of the story and Woods reply was that he felt he should "probably" have a lawyer. I informed Woods that I would be ceasing my interview at that time.

I then proceeded into the apartment and met with [REDACTED]. I asked if she was aware that Woods had met a female on Tinder on the night of 10/4/17 and brought her back up to the apartment. [REDACTED] advised she was at work that night, as she is a nurse at Tampa General Hospital. [REDACTED] confirmed that Woods worked in the emergency room at St. Josephs Hospital as a pharmacist.

[REDACTED] was clearly upset about Woods actions, but was unable to provide any information regarding this investigation.
